

7-1-2020

Dear Solaris Residents, Family and Friends:

We are reporting a staff member tested positive for COVID today, but we have very good news in this case. All of our staff was tested on 6/11/20 and 100% of the test results are negative. A family member of this staff tested positive in the community. The last day worked by our staff member was 6/17/20. Our staff member was required to stay home and tested negative again on 6/18/20. The staff member remained in quarantine at home and tested again on 6/24/20. The test results came back positive today 7/1/20. As you can see, there has been no exposure to anyone at our center in this case.

As always, thank you for trusting us to serve your family.

Sincerely,

**David Cross, Administrator**
