

September 3, 2020

Dear Solaris Friends and Family,

At Governor DeSantis' direction, Florida Division of Emergency Management Director and State Coordinating Officer Jared Moskowitz issued an Emergency Order that modifies restrictions for visitation to nursing homes and assisted living facilities. DEM Order 20-009 went into effect 9/1/20.

According to the Division of Emergency Management, the order will be implemented in the upcoming days as long-term care facilities begin to put new procedures in place to comply with the Emergency Order.

As you can imagine, there are many factors that need to be considered to ensure we balance the health and safety of our residents with the importance of allowing residents to safely interact with their loved ones during our state's ongoing battle with COVID-19. The guidance that we received from Jared Moskowitz will assist us in finalizing our plan.

We will post our visitation guidelines on our Solaris HealthCare website so that everyone will be well informed regarding our safe visitation process.

We thank you all for your support and understanding during this difficult time of separation from your loved ones.

Sincerely,

Jennifer L Iavarone

Administrator
