

October 12, 2020

Dear Residents, Families, Friends, and Staff:

I hope this letter finds you all well. We have been notified that a resident that was transferred out to the hospital has tested positive for COVID-19, and although we believe this is an isolated case, we are taking every precaution and following the Governor's orders and CMS Guidance.

At this time, we are required to suspend general visitation for 14 days from the most recent positive result. General visits are being converted to window visits to allow visits to continue.

As always, please visit our website for the most up-to-date information regarding COVID-19 and visitation status. The website is updated daily to reflect the most recent information.

Please don't hesitate to contact me if you have any questions. Thank you again for your support and patience as we continue to navigate through COVID-19.

Sincerely,

Charlene Bedor, Administrator
