

November 14, 2020

Dear Residents, Family, Friends, and Staff:

Today, I write for two reasons. The first is to update you on the COVID status in the facility. We currently have no residents that are COVID positive and 1 staff member that has recently tested positive. All other staff have tested negative. Our COVID status and facility updates can be found at our website at solarishealthcare.org/locations/Osceola and also on our Facebook page.

The second reason for my writing today, is to provide some information regarding the upcoming holiday. Thanksgiving is typically a large family holiday where loved ones gather to enjoy each other's company and spend time together giving thanks for the bounties enjoyed throughout the year. This year is very different than any other we have seen in our lifetimes. As the COVID positivity rate continues to rise rather quickly, not only in Osceola County, but across the country, we encourage you to take every precaution during your holiday celebrations by limiting the number of people gathering, wearing masks, and socially distancing. We also ask that you please notify us immediately if you are exposed to someone that is symptomatic or tests positive for COVID-19.

As always, if you have any questions, please don't hesitate to reach out to myself, your Angel, or our Director of Nursing. We wish you and your loved ones a safe and happy Thanksgiving!

Sincerely,

Charlene Bedor, Administrator
