

December 18, 2020

Dear Residents, Family, Friends, and Staff:

Below is an update on our COVID status as of today.

We had a patient that was admitted from a hospital less than 24 hours ago that has tested positive for COVID-19. The patient has been transferred to a facility with a COVID-19 positive unit. At this time, we do not believe there was any significant exposure to any other residents or staff. We will continue to diligently monitor all residents and staff as we have been.

Thank you for your ongoing support and patience.

Sincerely,

Charlene Bedor, Administrator
