

December 9, 2020

Dear Residents, Family, Friends, and Staff:

I am writing today to update you on our current COVID-19 status. Two residents have recovered and been removed from the COVID Unit. Two residents have tested positive today and have been placed in our COVID Unit.

As you may have seen in the news recently, a COVID vaccine is on it's way very soon. We will be reaching out to each of you to provide you with information and to obtain a consent from you to receive the vaccination. The vaccination has not been made mandatory at this time, however, it is encouraged. As we learn more about clinic dates for resident and staff vaccination, we will share with you.

As always, you may view our current COVID-19 status on our website at [solarishealthcare.org/locations/Osceola](https://solarishealthcare.org/locations/Osceola). Please don't hesitate to reach out to myself, your Angel, or the Director of Nursing with any questions.

We hope you have a safe and happy holiday season!

Sincerely,

Charlene Bedor, Administrator
