

January 4, 2021

Dear Residents, Family, Friends and Staff:

I am writing today to notify you that we have had 1 staff member that tested positive for COVID. This staff member does not provide direct care to residents and it has been determined it is highly likely that the case is community acquired based on our contact tracing.

This does not affect our ability to visitation outside the facility. All visits will continue as scheduled.

Please let us know if you have any questions or concerns. Thank you for your support.

Sincerely,

Charlene Bedor, Administrator
