

January 6, 2021

Dear Residents, Family, Friends, and Staff:

Yesterday was an exciting day! 91% of our residents chose to take the COVID vaccine and so did 67% of our staff. The majority of the remaining staff are committed to taking the vaccine at the next clinic on January 26, 2021. At that clinic, those that received the first vaccine will then receive their second vaccine.

The Osceola County Positivity Rate skyrocketed to 13.6% over the holiday. Please continue to keep yourselves safe by following the guidelines from the CDC including wearing a mask when in public or in close proximity to others that don't live in your home and wash your hands frequently. We are asking for your assistance in the community in preventing the spread.

We have a resident that tested positive today. That person is experiencing no symptoms, however, has been moved to our COVID positive unit to avoid transmission to other residents or staff.

We are planning another family car parade in celebration of the Valentine's holiday. The parade is scheduled for February 5th. Our residents and staff always enjoy they parades and it gives all of us the opportunity to just enjoy a fun time.

Thank you all for your support. We couldn't do what we do every day without each of you.

Sincerely,

Charlene Bedor, Administrator
