Solaris Residents, Family Members, and Loved Ones,

This afternoon we learned of a staff member who has tested positive for COVID-19. As a result, we must test all residents and staff, regardless of vaccination status, to rule out any spread of the virus. Until the testing is completed, we must suspend all indoor and outdoor General Visitation. Should no further positive cases be identified, we will then resume limited General Visitation within a few days.

Any guest who has been previously identified as a Compassionate Visitor may continue to enter the center. All Compassionate Visitors must wear a face shield and face mask throughout the course of their visit.

Please contact me or a member of our Social Services team with any questions you may have regarding any visitation questions you may have.

Sincerely,

Greg Hovey
Administrator
